

Hello Team!

Welcome to #DailyPayNation!

## What is DailyPay?

DailyPay is an **optional** benefit that allows you to get your pay any time before payday and easily track how much you're making. It's an upgrade to your existing payroll system that allows you to access some of your pay faster than you'd otherwise be able to. DailyPay gives you the tools and resources to help you meet your financial goals.

## How it works:

- As you work during the week, you will build up an Available Balance.
- DailyPay is connected to your employer's timekeeping system and receives automated reports of your hours worked.
- Your Available Balance is an approximation of earnings based on the hours you have worked, excluding any overtime, bonuses, reimbursements, differentials, commissions, tips and withholdings (taxes, garnishments, etc.).
- Any earnings that are not available for transfer ahead of payday, will be included in Remainder Pay that will be sent to you free of charge on payday.
- **In other words, your Available Balance is money that you have already earned.**  
You will have access to any amount up to, and including, the Available Balance shown in your DailyPay account.

**Signing up for DailyPay is easy and free! There are three ways to get started:**

- Download the **DailyPay App** on the App Store or Google Play.
- Sign up at the **DailyPay site**: (<http://www.dailypay.com>).
- **Text** "START" to 66867.

## Important Information:

- Once you make a transfer, your direct deposit will change to the DailyPay Account and you will be paid by DailyPay unless you decide to cancel.
- Any updates or changes to your direct deposit information must be done **within DailyPay** or there could be a **delay** in your pay.

Similar to an ATM, you only pay a fee when you make a transfer. Fees are as follows:

Type of Transfer	Speed & Frequency	Fee per Transfer
Instant	Available instantly, as needed	\$2.99
Next Business Day	Available next business day, as needed	\$1.99

See below for important information on cut off times.

## Additional Frequently Asked Questions

### **What does DailyPay do?**

DailyPay gives you more control over your pay. You can use DailyPay to save up for bills, avoid late fees and to help plan for expenses by:

- Monitoring real-time earnings based on hours worked (free)
- Transferring earnings next business day (\$1.99)
- Transferring earnings instantly (\$2.99)
- Saving from every paycheck (free)

### **Is DailyPay a loan?**

DailyPay is not a loan. It's simply an upgrade to our current pay experience that allows our team members to access some of their pay faster than they'd otherwise be able to. The amount of money that you have access to is based on your worked hours – meaning that you've already earned this money, it just hasn't been paid out yet.

### **How does DailyPay work?**

DailyPay is connected to your employer's timekeeping system and receives automated reports of your hours worked. Your DailyPay Balance is an approximation of your earnings based on the hours you've already worked, minus any withholdings (like taxes, garnishments, etc.).

As you work during the week, you will build up your available DailyPay Balance. Any earnings that are not available for transfer ahead of payday, will be included in Remainder Pay that will be sent to you free of charge on payday.

### **How much money will be available to me prior to payday?**

You will have access to any amount up to, and including, the Available Balance shown in your DailyPay online account. For the first three pay periods post enrollment in DailyPay, your Available Balance will be 50% of your gross pay (25% if you have garnishments, such as child support payments).

After the first 3 pay periods, your available DailyPay balance will be automatically recalculated to reflect 80% of your net pay, after deductions like taxes, retirement contributions, etc. are considered. Remainder pay not included in your Available Balance will be paid to you automatically at no cost on your normal payday.

#### **Notes:**

1. Your available DailyPay balance will always be less than your total dollars earned.
2. Only worked time is calculated. Missed punches and unmatched punches are excluded. Accurate timecard in/out punches are imperative.
3. Vacation, Holiday and Sick Time hours are not included.
4. If you do not work hours during the pay period, you will not have a DailyPay Available Balance.

### **Are salaried employees eligible for DailyPay?**

No. At this time DailyPay is available only to hourly associates.

### **How quickly will I receive my money?**

DailyPay offers two types of transfers: Instant and Next Day.

- Instant = Money is available instantly, 24/7, including nights, weekends, and bank holidays.
- Next Day = Transfers requested prior to 5:30 p.m. EST are available in the morning on the next business day. Business days are defined as Monday through Friday, excluding bank holidays.

**Note:** To use DailyPay Instant, you will need to **enter your debit card or paycard number** through the DailyPay website or app. This is needed because DailyPay Instant transfers are sent through a different type of mechanism than regular (ACH) transfers sent to routing and account numbers.

**App:**

1. From the home screen, click the three bars at the top left.
2. Click [Settings] > [Debit Cards] > [Add Debit Card].
3. Add your information and click [Submit].
4. You'll be asked to verify your identity via code sent to text.

**Website:**

1. Go to [https://www.dailypay.com/account\\_settings](https://www.dailypay.com/account_settings) and sign in.
2. Click [Debit Cards].
3. Add your debit card information and click [Submit].

You'll be asked to verify your identity via code sent to text.

**How much does DailyPay cost?**

Like an ATM, you only pay for DailyPay when you use it. Instant transfers are \$2.99. Next business day transfers are \$1.99.

**What is the maximum dollar amount I can transfer in one day? What is the minimum dollar amount?**

You can transfer up to \$1,000 in a single day. The minimum transfer amount is \$5.

**How often can I use DailyPay?**

You can make up to five transfers per day.

**Can I use DailyPay if I get paper checks?**

DailyPay is designed to work with those being paid via direct deposit (either to a checking account, savings account, paycard or debit card). You can start being paid via direct deposit by entering your bank information in the DailyPay app.

**When will my remaining paycheck be deposited into my account?**

Your balance will be deposited into your account by the end of business on your normally scheduled payday. The exact timing will depend on your financial institution.

### What else does DailyPay offer?

DailyPay also offers free tools to help you budget, plan for expenses, and work toward financial security:

- **Balance Update Alerts:** Receive text messages as your pay balance goes up, in real-time, based on the hours you work.
- **Automatic Savings:** Allocate a fixed amount of your available balance to automatically be sent to your savings account each pay period.

### Do I need an email address to use DailyPay?

Yes, you need a valid email address to use DailyPay. Check your HR System to make sure your email address is correct. Reach out to your employer if you need help updating your email address within your systems.

### What if I don't have an email address?

To sign up for a free Gmail account

1. Go to the [Google Account Creation Page](#).
2. Follow the steps on the screen to set up your account. You will need a phone number for verification and lock-out assistance.
3. Use the account you created to sign in to Gmail.
4. Once you have created your email address, update your contact information in your HR system.

### I didn't receive my welcome email. What happened?

The email may have gone into your "Spam" or "Trash" folders, depending on your email service provider and email preferences. Check both folders, and if possible, search for the word "DailyPay." **For Gmail users:** you can also search in your "All Mail" folder. If you still can't find the email, please contact DailyPay customer service via phone, email, or chat. Their hours of operation are 24 hours a day 7 days a week.

### I received a notification from my bank about DailyPay. What is this?

Depending on your bank, you might receive a notification about DailyPay after you request your first transfer and/or when you change your direct deposit information. This is called a "prenote" and is *not* a charge – it's simply a way for us and DailyPay to verify that your account number is correct. You can disregard this notification.

**I'm currently using DailyPay and need to update my direct deposit information.  
How should I do this?**

**Note:** Only update your direct deposit information within DailyPay.

**DO NOT** update your direct deposit information in your HR platform if you are enrolled in and use DailyPay

**App:**

1. Click the 3 bars at the top left corner of the home screen.
2. Click [Settings] > [Bank Accounts] > [Add New Bank Account]
3. If this is your checking account, click [Checking]. If this is your savings account, click [Savings].
4. Add your new banking information.
5. If you would like to receive your remaining pay each pay period in this account, select the [Primary Account] checkbox.
6. Click [Submit]. You'll be asked to verify your identity via code sent to text.
7. Click the three dots to the right of the old account on the Bank Accounts screen. Click [Remove Bank Account]. You'll be asked to verify your identity via code sent to text.

**Website:**

1. Go to [https://www.dailypay.com/account\\_settings](https://www.dailypay.com/account_settings) and sign in.
2. Scroll down to the Bank Accounts section and click [Add New Bank Account].
3. Add new banking information and click [Submit].

**Does DailyPay support having multiple direct deposit accounts?**

Yes, you may have up to two accounts - one "primary" and one "secondary" - through the free savings feature. This is done by setting up an additional account along with a set transfer amount.

**Note:** If you already use more than two direct deposit accounts in your payroll platform (e.g. for splitting earnings), you will not have this feature after enrolling with DailyPay.

### **I need help with my account. How can I reach DailyPay?**

You can contact DailyPay 24 hours a day, 7 days a week.
